# Gestione playlist

The generated Rooms will be displayed in the **Rooms** menu, showing:

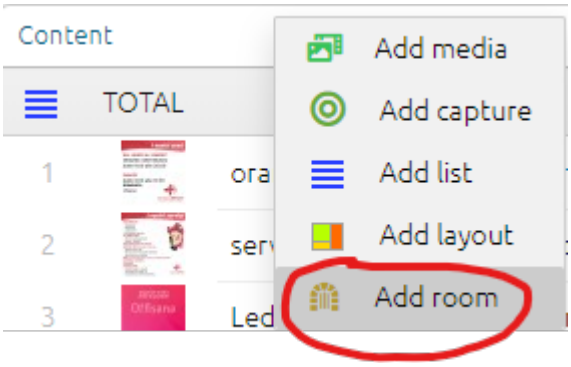

- the status of the Room (open or closed)
- its name
- the applied limits
- the date of the last publication
- the publication status: published, publishing, or unpublished

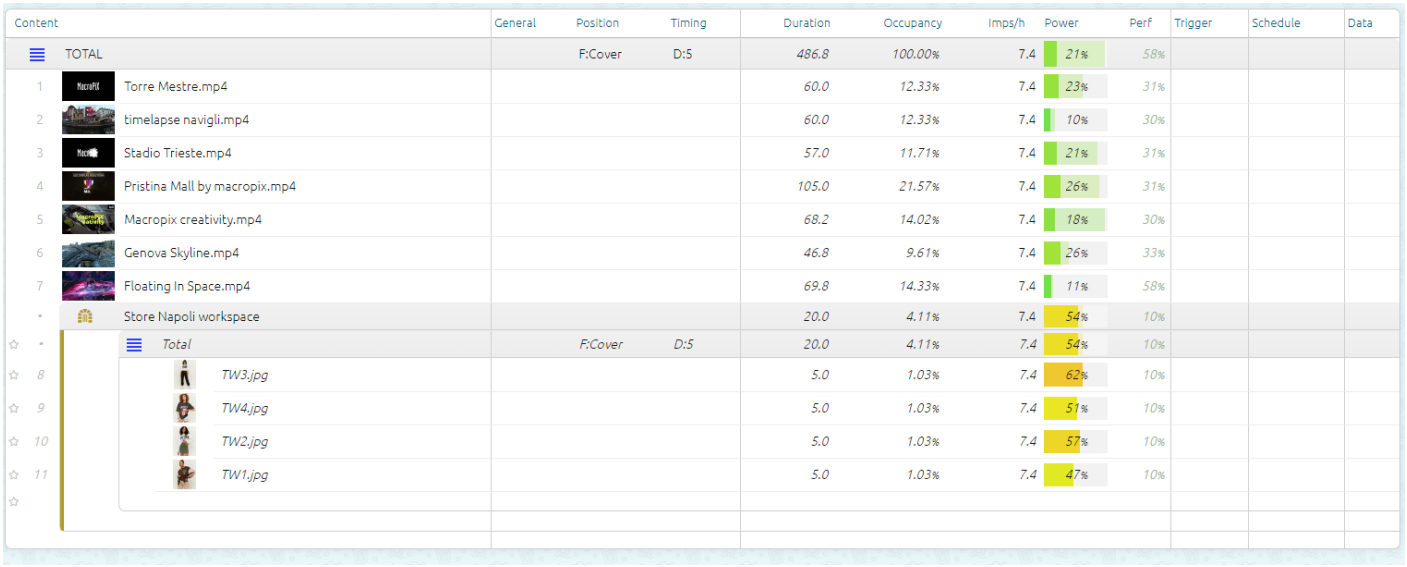

By clicking on the **Published Playlist** column  the guest user can access and populate their playlist.

To insert the new Room into the destination playlist, click the **“Add Room”** button .

As you can see in the image below, the Room playlist is automatically inserted into the station playlist.
